"By being buried with Christ in baptism, we set our seal to the fact that the death of Christ was on our behalf, and that we were in him, and died in him, and, in token of our belief, we consent to the watery grave, and yield ourselves to be buried according to his command. This is a matter of fundamental faith—Christ dead and buried for us; in other words, substitution, suretyship, vicarious sacrifice. His death is the hinge of our confidence: we are not baptized into his example, or his life, but into his death. We hereby confess that all our salvation lies in the death of Jesus, which death we accept as having been incurred on our account."
